Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 27 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers clearing then mostly dry overnight. Further showers on Wednesday.

This Evening and Tonight:
Showers will clear as we move through this evening. Overnight will be largely dry with isolated showers remaining possible to the north, risk of thundery outbreaks. Clearing skies later in the night bring chance of little fog. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Showers through the morning, some locally heavy with the possibility of thunderstorms. Showers easing into the afternoon bringing sunny spells to many. Winds strengthening and feeling fresher than of late. Maximum temperature 19 deg C (66 deg F).

Outlook for Thursday to Saturday:
Thursday beginning dry with sunny spells and blustery conditions. Showers becoming more widespread Thursday night and Friday, locally heavy and thundery. Drier conditions Saturday, showers becoming more isolated. Feeling cooler.
